

SAI MANIKANTA KOPPURAVURI

📍 Chennai, Tamil Nadu, India ☎ +91 9642849466
✉ Saimanikanta2306@gmail.com [in linkedin](#) [github](#)

SUMMARY

Aspiring Engineering Analyst with hands-on experience in full-stack development and applied Machine Learning. Strong foundation in Python, Java, React, and analytical problem-solving with excellent communication skills. Flexible for shift work.

EDUCATION

Vel Tech University, Chennai 2027
B.Tech in Artificial Intelligence and Machine Learning • CGPA: 8.5

Vignana bharathi Junior College, Andhra Pradesh 2021–2023
Higher Secondary • CGPA: 9.1

Sri sai high school, Chirala, Andhra Pradesh 2020–2021
Secondary School Certificate • CGPA: 10

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, SQL
- **Web Development:** HTML, CSS, JavaScript, React
- **Frameworks:** Flask, Spring Boot, TensorFlow
- **Tools:** GitHub, Maven, Postman, Microsoft Excel, Word, PowerPoint

EXPERIENCE

Elevate labs 2025

- Developed backend modules using Core Java and Spring Boot following MVC architecture.
- Built RESTful APIs and integrated them with frontend components, collaborating with cross-functional teams.

PROJECTS

Identifying plant diseases from sympotomps to solutions *Full-Stack Application*
Tech Stack: React, Spring Boot, SQL, REST APIs

- From spots and wilt to rot and blight, this guide helps you diagnose plant infections and apply the right treatment for a healthy garden.
- Identify visible symptoms like powdery mildew and bacterial cankers, then learn to use cultural practices and fungicides to stop the spread.

Breed recognition of Indian cattles and buffaloes *AI Web Tool*
Tech Stack: Computer vision , CNNs , pytorch

- This project develops an AI-powered system using Convolutional Neural Networks (CNN) and image processing to automatically identify and classify major Indian cattle and buffalo breeds from photographs.
- By enabling fast and accurate, non-invasive identification, the system supports digital livestock management, enhances productivity, and aids in the conservation of native genetic resources for farmers and researchers.

CERTIFICATIONS

- Earned **varients data dtructures** Infosys
- Certified in **Web development** – Elevate labs
- Earned **Networks** - Cisco

ACHIEVEMENTS & INITIATIVES

- Participated in Hackathons, demonstrating teamwork, analytical thinking, and presentation skills under tight deadlines.
- Attended workshops on Generative AI and model deployment, actively engaging in technical discussions and knowledge sharing.
